

# Retail, Education & Commercial Structural Steel

# RETAIL STRUCTURAL STEEL

At **Cikis Steel Fabricators**, we understand the unique demands of the retail industry. Our dedicated team of experts specializes in providing top-notch structural steel solutions tailored for retail buildings, ensuring durability, safety, and aesthetic appeal.

**Unrivaled Expertise in Retail Structures** With years of experience in the structural steel , we have honed our skills to deliver exceptional services for retail spaces. Our portfolio encompasses a wide array of projects, ranging from boutique stores and shopping malls to large retail complexes.

**Customized Solutions for Every Retail Space** We believe that every retail space is unique, and our approach reflects that. Our engineers and designers work closely with clients to understand their vision, brand identity, and specific requirements. We provide customized structural steel solutions that not only meet but exceed expectations, ensuring that every retail space we work on stands out.

# COMMERCIAL STEEL

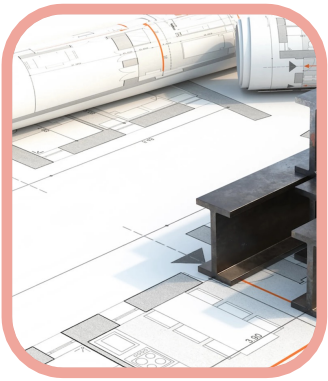

**Cikis Steel Fabricators** stands at the forefront of structural steel solutions, delivering exceptional services tailored for the commercial sector. Our skilled team brings expertise, innovation, and precision to every project, ensuring robust and aesthetically pleasing structures for a variety of commercial settings.

**Versatile Solutions for Modern Commerce** Our experience spans a broad range of commercial projects, from office buildings and warehouses to retail centers and hospitality venues. We understand that each commercial space has its own unique set of requirements, and we excel in providing versatile and tailored solutions to meet these diverse needs.

**Timely Delivery, Unmatched Service** In the fast-paced world of commerce, time is money. Cikis Steel Fabricators prides itself on its ability to deliver projects on schedule, providing responsive and exceptional service throughout the entire process. Our streamlined operations and dedicated team ensure that every project is completed efficiently, without sacrificing quality or safety.

# CIKIS STEEL SERVICES

## SHOP DRAWING DETAILING

Shop Drawing Detailing ensures that every component is drawn to exact specifications for accurate fabrication. This attention to detail is vital for the components to fit together seamlessly on-site and meet all building codes and regulations.

## STEEL FABRICATION

Our steel fabrication service offers unparalleled customization, allowing us to craft components in a myriad of shapes, sizes, and designs to meet the specific needs of each project, ensuring versatility across various applications.

## COATING

Beyond functionality, we offer a range of painting services that include a variety of colors and finishes to meet design requirements, ensuring that the steel's appearance aligns with the project's aesthetic vision while providing additional protective benefits

## TRANSPORTATION

Safety is paramount in the transportation of heavy steel components. Our team adheres to strict loading, securing, and handling protocols to protect the integrity of the steel during transit and ensure it arrives ready for installation without compromise to its structure or finish.
